7560 NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board of Education supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. This policy is enacted in order to minimize the possibility that the sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District shall cooperate with local police authorities and the local community in promoting and protecting the safety and well-being of its students.

It is the policy of the Board of Education to disseminate all information which the District receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties including, but not limited to, Building Principals, supervisors, teachers, office personnel, coaches, custodians, bus drivers, and security personnel. The Superintendent reserves the right to automatically disseminate such information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents/guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of such data in order to protect the safety of our students.

Any information provided by local law enforcement officials pursuant to Megan's Law shall be posted in an appropriate location in all school buildings. In addition, the Superintendent of Schools shall ensure the dissemination of any such information to all staff who might come into contact with the offender in the course of doing their jobs, including Building Principals, staff who issue visitors' passes, bus drivers, custodians, playground monitors, security personnel, and coaches. All other staff members and community residents shall be informed of the posting requirement for such information established by this policy and of the availability of the information, upon request. Community residents shall also be reminded of the security measures and personal safety instruction provided at school. All staff requests for information provided by the law enforcement agencies shall be directed to the Building Principal. Requests for information from community residents shall be directed to the Building Principal. Requests for information from community residents shall be directed to the Assistant Superintendent for Administrative Services.

Staff members shall inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was

provided to the District by local law enforcement authorities. Such law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the School District pursuant to Megan's Law may be disclosed or not disclosed by the District in its discretion. Any information which the School District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of eighteen (18) or who has been designated a Level 3 sex offender, the court requires that such sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of eighteen (18) while one or more of such persons are present.

However, by exception, entrance upon the premises shall be provided to the sentenced sex offender under the following conditions subject to the written authorization of his/her parole officer and the Superintendent or chief administrator of the facility for the limited purposes authorized by that person:

- a. The offender is a registered student, participant or employee of the facility;
- b. The offender is an employee of an entity contracted by the facility; or
- c. The offender has a family member enrolled in the facility.

Implementation
