

# Amherst Central High School

Rev. 08/13/09

## *Extracurricular Dance Agreement*

**Dear Students and Parents:**

The faculty and administration of Amherst High School have a strong commitment to our school culture and the provision of positive extracurricular programming. In order to provide a safe, age appropriate, and healthy environment at our high school dances we have instituted the following student behavioral expectations:

- All aspects of the Amherst High School Code of Conduct will be enforced including student dress code.
- Dancing must not include inappropriate physical contact between students.

Our students and student government have been actively engaged in the process of setting standards for dance behavior. Students will be fully apprised of these expectations.

Consequences for failure to adhere to these expectations will result in a parent contact, removal from the dance, and may require a disciplinary referral.

Students must sign a permission slip in order to purchase a ticket to the dance and/or be admitted at the door.

I \_\_\_\_\_ agree to abide by  
(Student) (Homeroom)  
the expectations outlined above.

(Date) \_\_\_\_\_
